

## FAQ

**I don't need business cards right now but do you print \_\_\_\_\_?**

(Refer to your printing price sheet for printing of postcards, club flyers, brochures & posters. All other questions, have them call 877-289-8327 & tell them they need to say they were referred by you to receive the special pricing)

**I want to place an order but can I just email the artwork to you?**

That's fine, just send it as an attachment to [info@cuttingedgesdesigns.com](mailto:info@cuttingedgesdesigns.com)

**I don't have any artwork, logos or photos. Can you just design something from scratch?**

Yes, please wait just a moment while I transfer you to a designer.

**That's a really good price, your cards must not be very high quality.**

All of our cards are full color on both sides and are printed on a premium 16pt. card stock with free UV coating and graphic design.

**That's sounds great but I don't need 5000 cards. Can you print 1000 for me?**

To keep our prices so low we do a minimum quantity of 5000 - but you're still getting them for less then you'd normally pay for 1000 anyways. I know you'll be very happy with our cards. (go back to script)

**Does that price include shipping?**

Yes. \*

**Can you send me samples?**

Yes, here is the sample request link
