

Welcome to Cutting Edge Designs! I'm glad to have you starting & I'm sure you'll do great. We offer one of the most generous referral commissions anywhere @ 25% of the total price for our most popular business card package! Once again, this will be the main focus of your work from home sales. We offer 5000 full color, 2 sided, glossy business cards with FREE GRAPHIC DESIGN for just \$200! Every time you sell one of our business card packages you will receive a \$50 commission. So just sell 10 per week and you're making \$500 a week working part-time! Also, you will receive your FULL COMMISSION on all re-orders! And MOST of our clients become long-term customers – some place orders for printing weekly! So, the longer you work as a Cutting Edge Designs representative, the more residual income you can make. Keep in mind, after you sell a company on business cards, FOLLOW UP and upsell them postcards, flyers, brochures, stickers, magnets, banners & websites! Business cards are just the easiest product to sell & get our foot in the door.

So, welcome to the team – remember you will be working as an independent contractor for Cutting Edge Designs. Please provide us with your Tax ID or SSN before you begin.
